Law Changes submitted by David Valentine (Referee)

The following law changes that will effect our games are as follows:

The six aspects of law approved to join the global trial programme are:

1. Law 20.5 and 20.6 (d)

No signal from referee. The scrum-half must throw the ball in straight but is allowed to align their shoulder on the middle line of the scrum, therefore allowing them to stand a shoulder width towards their own side of the middle line.

Rationale: To promote scrum stability, a fair contest for possession while also giving the advantage to the team throwing in (non-offending team).

2. Law 20.9 (b) Handling in the scrum – exception

The number eight shall be allowed to pick the ball from the feet of the second-rows.

Rationale: To promote continuity.

3. Law 20.8 (b) Striking after the throw-in

Once the ball touches the ground in the tunnel, any front-row player may use either foot to try to win possession of the ball. One player from the team who put the ball in must strike for the ball.

Sanction: Free-kick

Rationale: To promote a fair contest for possession.

4. Law 15.4 (c)

The tackler must get up before playing the ball and then can only play from their own side of the tackle "gate".

Rationale: To make the tackle/ruck simpler for players and referees and more consistent with the rest of that law.

5. Law 16 Ruck

A ruck commences when at least one player is on their feet and over the ball which is on the ground (tackled player, tackler). At this point the offside lines are created. Players on their feet may use their hands to pick up the ball as long as this is immediate. As soon as an opposition player arrives, no hands can be used.

Rationale: To make the ruck simpler for players and referees.

6. Law 16.4: Other ruck offences

A player must not kick the ball out of a ruck. The player can only hook it in a backwards motion.

Sanction: Penalty

Rationale: To promote player welfare and to make it consistent with scrum law.

The six new aspects of law were part of the original 2015 laws review process, and were recommended to move to closed trial to provide a further analysis opportunity before global trial could be considered.

Ebb Tide RFC Current Events

Remembrance: Rick Brown

Barry Wheelhouse was informed that Rick Brown VVRF had collapsed on the Langley pitch playing silly buggers on August 30th at the Wednesday practise night and could not be revived. He just turned 70 last week. Sad loss to the Rugby Community.

Rick joined Ebb Tide RFC for 1992 Japan Tour and was well known within the club at that time. If any of the retired club members wish to share any memories of Rick please email myself at davidmillard@shaw.ca and I will post them in the next newsletter and forward them to David Knox for the Club records.

Kelowna Ten Aside Preseason Tournament

Eight road warriors travelled by bus on Saturday to join the advance party of six Ebb Tide members already in Kelowna. Due to a failure to communicate the bus picking us up at the ferry terminal was 1.5 hours late, Best laid plans are always subject to "MURPHY'S LAW."

So by the time the bus boys got to Kelowna the advance party had already played but unfortunately suffered a loss to the Evergreens. Bolstered by fresh troops we tied Abbotsford and beat Calgary. The tournament finished with a barbarian 15 a side match – the Red team was captained by our own Paul Eby.

Paul's Captains Report was one word "EPIC" not sure how to take from that comment but "ROAD CODE" is in effect.

There were many glorious moments on Saturday, some of them on the pitch and some in the bar(s) later hopefully photos to follow at a later date!

Man of the matches was our Beloved Dr Bob Love who was taping and bandaging players pretty steadily. Sounds by reports he was running a MASH UNIT and they choppering in the wounded.
